

STUDIO OCTOBER

WEB DESIGN & VISUAL BRANDING

SCROLL DOWN

About STUDIO OCTOBER

- Looking to take the next step with your brand?
- Searched the web for how to get started, but found too many options and now you're not sure which one to implement?
- Don't have enough time?

We want to help you!

Studio October offers visual branding and web design services. You likely made it this far because you already understand the importance of establishing your brand in this digital space. Now you're looking to turn your dream into reality. We aim to simplify that process, while looping you in when needed, so you can focus on other aspects of your business.

A SPACE FOR PHYSICAL AND MENTAL HEALTH AWARENESS

Our Pride Our Village is a non-profit organization and blog dedicated to promoting mental and physical health awareness and overall wellness.

In the African American community mental health is not openly discussed. Because of this behavior, our children are growing into adults with a unhealthy and forced coping mechanism of silence.

Mental health includes our emotional, psychological, and social well being. It affects how we think, feel and act. It helps determine how we handle stress, relate to our family and friends, and make life choices.
